

Series 21 Loopy Bike Rack

GENERAL SPECIFICATIONS

Metal: All Series 21 Loopy Bike Racks are constructed of 1.9" (4.8cm) outside diameter steel pipe. The metal is powder coated with polyester, electrostatically applied, and baked at a high temperature to produce a mar-resistant finish.

Hardware: Vandal-resistant flush nuts are provided for all bolt-down models. All hardware is professionally finished with our baked-on polyester powder coating.

INSTALLATION OPTIONS

The Series 21 Loopy Bike Rack is available in bolt-down or in-ground configurations.

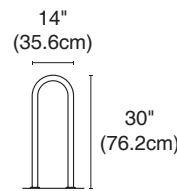

In-ground (Not shown): Installs directly into concrete to a depth of 12" (30.5cm).

Bolt-down: Fastened directly to the ground using 3/8" bolts (not provided). Vandal-resistant flush nuts are included for additional security.

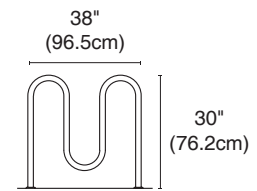

METAL COLOURS

Make your choice from 26 standard paint colours. Or, for an additional charge, choose from one of over 160 custom paint colours. Standard colour chips and custom colour charts are available upon request.
